FAITH SHARING

The word "parable" comes from the Greek word *parabole*, which means putting two things side by side in order to confront or compare them. And that is exactly how Jesus uses parables: He places a simile from life or nature against the abstract idea of the reign of God. Jesus' parable of the seed sown in various soil types was an attempt to boost the morale of his frustrated disciples. They were upset and

discouraged because they realized that their master was facing opposition and hostility from the scribes, Pharisees and priests. The synagogues refused to admit him to preach. So Jesus had to go to beaches and hillsides. Some of the Pharisees were planning to trap him, and the common people were more interested in his ability to heal them than in his preaching. Using the parable of the sower in today's Gospel, Jesus assured his confused disciples that the "Good News" he preached would

produce the intended effect in spite of opposition and controversy. Matthew may have included this parable in his Gospel, because his own Judeo-Christian community had experienced similar adverse reactions from their fellow-Jews, just as people today are frustrated in their attempt to live the Gospel in our consumerist, hedonist and agnostic society.

WHAT KIND OF SOIL ARE WE?

- How do we respond to the Word of God and to the various Acts of God in our lives?
- Do we allow the trials and tribulations of this world to overwhelm the tender seed growing within us?
- Do we pull back when people harass us because we are believers?
- Do we decide, because things are not working out the way we think they ought, that God doesn't care for us, or that He is powerless, weak and not to be heeded?
- Do we allow the cares of this world, our ambitions or our desires for success and happiness, to choke out the messages that God sends us through the various events of our daily lives and through the various people we encounter?
- How we respond to the Word of God is the key to how fruitful the Gospel is going to be in our lives.
- Unlike the situation in nature, we can, as it were, change the kind of soil that we are.

RECTORY REMODELING

At the beginning of this year we started remodeling of our rectory. I am pleased to say we have almost completed the renovation of the rectory kitchen and are very close to finish dining and living room.

The remodeling included: black mold treatment, serious plumbing work in the kitchen and basement, including heating system and gas pipes renovation, installation of chimney liner, enlarging the kitchen work area, relocating basement stairs, installing a new easy to clean tile floor in the kitchen, installing new

cabinets and work surfaces. We replaced also all electric wires, outlets and light switches in the whole house.

Still few areas of our rectory need some improvements, for example: bathroom or Parish office which is going to serve for us as a conference/meeting room, etc.

Many parishioners are involved in this huge project. Many things we are trying to

do by ourselves to lower the cost of the remodeling. In particular, we want to take this opportunity to thank Kris and Joyce, Julie and Cliff, Janusz, Leon and others. Father Mariusz is working very hard and many of these things he has done by himself making o lot of savings in the entire project.

Unfortunately, the total cost of the entire renovation, from initial planning through final completion exceeded our expectations. We are unable to finish this project without your financial help. Therefore this way, on behalf of our Parish Committee, I am asking you for your support and donation. May God bless you for your generosity.

PARISH DATABASE UPDATE

Together with Father's Day Letter you received the form with questions about your personal info. Please return this form to Parish Office ASAP. This will help us to update our parish database. We are unable to contact with many of our Parishioners. Please include your phone number and email address. These data are <u>confidential</u> and will not be shared with anybody. Only Pastor, Chairman and Accountant will have access to it.
